Reference for Other Faith Membership (Non-Catholics)

St Gregory's Catholic School gives a degree of priority in admissions to children from families who are committed members of a denomination or faith other than the Roman Catholic Church (or a Catholic Church in communion with the See of Rome). We define committed as meaning that the child and at least one Parent or Carer, has been participating in the worship or communal prayer services or activities of the faith community for at least three years. The purpose of this reference is for that practice to be confirmed by a minister or other senior figure within the faith community. Attending another faith centre can be included as part of the three years if the referee is satisfied of such participation in that other faith community.
