*Every child is known and loved*

## ***Welcome***

St Gregory's is an outstanding Catholic school, welcoming of all faiths and none. We have a strong family ethos based on Christian values, which helps the young people in our care to succeed, not just academically, but as well-balanced individuals.

We offer a combination of first-class teaching and incredible pastoral care and, across the ability range, students are nurtured and challenged with many outperforming their grammar school peers at GCSE and A Level.

Our mission is to provide a world-class Catholic education which empowers all students to be their very best, ensuring they gain the knowledge and skills they need to fulfil their potential.

**For further information, please visit our school website at [www.sgschool.org.uk](http://www.sgschool.org.uk).**

## ***Getting off to a great start***

Making sure your child settles in well is extremely important to us and we work hard to ensure that everyone gets off to a great start. A series of events and activities from Year 5 onwards prepares students for their transition to our school and enables us to get to know them.

## ***Every child is known and loved***

As a faith-based community, we strive for excellence for each student, whilst appreciating the gifts and talents that make them unique. We want all our students to know they are loved and celebrated irrespective of their differences. As such, the care we provide is a real strength and is the key to our students progressing beyond expectations, becoming resilient, confident and successful young people.

## ***Enhanced learning with world-class opportunities***

At St Gregory's we learn from the best practice in the world, equipping students with the knowledge, skills and confidence to thrive in a challenging international environment. Our highly skilled, enthusiastic teachers make learning exciting and inclusive. They are genuinely interested in the welfare and progress of every individual student and encouraging them to flourish to the very best of their ability.

## ***Enrichment strengthens personal development***

Our diverse range of enrichment opportunities creates a school culture in which students embrace new experiences and are not limited by perceived barriers. This wide range of activities enables students to become well-rounded individuals and the very best version of themselves.

**We look forward to welcoming you at one of the Open Events listed overleaf.**
